## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 17-28 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
2. Claims 29-36 are allowed

### *Claim Rejections - 35 USC § 102*

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

4. Claims 15 and 16 is rejected under 35 U.S.C. 102(e) as being anticipated by Kitazawa(6067421).

Kitazawa disclose an adjusting device in fig. 13-14 comprising: a body (11), a piezoelectric actuator element which is (1b) supported by an element (12) to be displace for moving the element on the body along a predetermined direction, wherein, the piezoelectric actuator arrangement t moving with the element to be displaced. Kitazawa

also show the piezoelectric element (1b) being constructed and controllable in such a way that it exerts shock pulses on the element in order to carry out a stepwise movement of the element on the body and a body (12) which has an open section and being supported in a frictional engagement on the body at least one location with an intermediary of a pretensioned spring (15) device wherein the element is arranged in the device. Wherein, the body (11) has a circular hollow cross-section.

### ***Response to Arguments***

5. Applicant's arguments with respect to claim 15-36 have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
